SUBJECT: Electronic Case Filing (ECF) Implementation Schedule Update

Full implementation of electronic case filing is approximately 90 - 120 days away. Full implementation basically means that you as members of the bar, case trustees and the UST will be able to file your documents using the Electronic Case Filing system.

Prior to your filing any documents it will be necessary for you as the attorney or user to attend training classes, correctly file test documents, and then be issued a log-in identification and password. You are not only welcome but are encouraged to bring members of your staff to the training classes.

Please consider this memorandum as your "countdown" notice for electronic case filing. You will find information regarding electronic case filing information on this web site at www.mssb.uscourts.gov under CM/ECF Project.

If you have any questions, please feel free to contact me personally.
